expressive sound qualities of the traditional acoustic grand piano. Since we use only the finest all-wood materials, no two pianos are exactly the same – providing you a one-of-a-kind masterpiece. We are in fact firmly convinced that to build such a cabinet in plastic, synthetic or other artificial material does not represent our philosophy of crafting elegant instruments to play and to admire. In the new Sonata Artist, the cabinet is enriched with an elegant briarwood-inlay design – hand made and meticulously crafted.
